Screening Mammography Program

More and more BC women between the ages of 40 to 79 are having regular screening mammograms because they know mammograms can save lives by detecting most types of breast cancer early – usually before it has spread.

Why don't you join them? Involve your girlfriends and make it fun.

Turn over to learn more.

Make an appointment by calling 1-800-663-9203

Do the "Scrunch":
Mammograms & Lunch

Get the "Two Ms":
Mammograms & Manicures

Make it "holistic":
Mammograms & Massages

Get involved, get screened & help your friends get involved – you could save a life.
